## SWING GATES TYPE THOR

The swing gates or Van Merksteijn excel both in stability and durability. This high quality is guaranteed by state-of-the-art production techniques.

The wings of the gates are made of 60x40mm rectangular profile with an infill of 2D 6/5/6 welded mesh panel. The size of the posts varies from 60x60 up to 120x120mm.

The gates are all manufactured in-house, so we can guarantee a good quality and price!
